Sulay Sumaria

About Me

Introduction

- A Computer Geek, have fun with computer things and Internet.
- Like to learn new tricks from Internet and implement them.
- Believe in human readable code, tend to write code that is more comforting to human eyes.

Strengths

- Can Google very well.
- In free time, tend to do some productive work or do some new things.
- Can remember the database structure and code flow which is very helpful in debugging.

Weaknesses

- Dont likt to code in hurry. But refactor it later on, as coding in hurry results to unpredictable results.
- Cannot accept spelling mistakes, specially in database.

Technical

Below are the technologies that I like to work on, but not limited to

- Technologies: NodeJS, Flutter
- Languages: Typescript, Javascript, Dart, ES6
